

OBJECTIVES OF THE ALLIANCE

The objectives of the Alliance include:

- Raising awareness on and increase knowledge of the issue of child protection and child rights in The Gambia.
- Strengthening the capacities of member organisations, the CPA-staff and other individuals working with or for children.
- Promoting networking and alliance building amongst member organisations and creating common understanding and commitment to the protection of children.
- Empowering children to actively participate in the programmes and activities of the Alliance and issues that affect their lives at all levels.
- Promoting and assisting the establishment of applicable support structures and services by the relevant Government Departments and other child focused institutions in The Gambia.
- Advocating and lobbying for appropriate actions by Government, Civil Society and relevant institutions in relation to child protection issues and monitor the follow-up process.
- Promoting research on and monitoring of the position and conditions of children in The Gambia in order to better understand issues affecting children and mechanisms to address them.
- Encouraging collaboration between and amongst Members in their implementation of programmes and projects geared towards achieving the objectives of the Alliance.
- Improving communication and enhancing the sharing of best practices and experiences among the Members.
